

Apprenticeship Seminars

14, 15 & 16 November 2017
Leeds Beckett University

If you want to know more about apprenticeships then these are the most important events you could attend!

Listen to key employers in the city talk about apprenticeship opportunities and be inspired by the range and level of vacancies available.

The Government is committed to creating 3 million apprenticeships by 2020. Changes to legislation and the introduction of the new apprenticeship levy in April 2017 means that more and more big businesses will be introducing apprenticeship programmes at all levels, including degree level and beyond.

Come along to find out more about these changes and to hear about the exciting new developments that are being introduced.

There will also be an opportunity to listen first hand to apprentices talk about their experiences of gaining qualifications, whilst earning a salary and without incurring debt.

Places are limited so please book early to avoid disappointment.
